

Your Private Endometrial Scratch – Billing Information

Thank you for choosing to have your treatment at Shropshire and Mid Wales Fertility Centre. We recognise that self-funded treatment is a large financial undertaking. This guide is part of helping you understand the bills you will receive as part of your treatment and help make the process as straight forward as possible.

The total cost of an endometrial scratch is **£264**.

Patients need to be aware that bills from their private consultant and bills from the hospital are issued and dealt with separately. You will receive two types of bill for your endometrial scratch

1. A bill from the Shropshire and Mid Wales Fertility Centre. We are part of the Shrewsbury and Telford Hospital Trust (SaTH) and invoices are issued by the Trust Finance Department on our behalf. You will probably be asked to pay this bill by card on the day you attend for your scratch.

The bill from the Shropshire and Mid Wales Fertility Centre covers the cost of using the consumables, nursing time and use of the facilities

2. A bill from your Private Consultant which is issued by their private secretary. They charge for performing the procedure.

Breakdown of scratch costs

Total bill from Fertility Unit for an endometrial scratch	Covers the cost of using the consumables, nursing time and use of the facilities	£139
Total bill from Consultant for an endometrial scratch	For performing the procedure	£125
Total cost		£264
