Counselling	£44.00	£44.00	£44.00	£44.00	£44.00	£44.00

These charges Do Not include drugs or consultation fees. Please allow between £900 and £1500 for drugs and refer to your Consultants price list

Endometrial scratch - £139

Frozen Embryo Transfer - £1,236

Includes scans, nursing care, procedure, admin and HFEA charges but NOT Medical Consultant charges for the procedure. If no embryos are suitable for transfer, the refund is £350.

If the treatment cycle is abandoned prior to egg collection, the procedure and HFEA charge will be refunded. This is £2,580 for IVF and £3,163 for ICSI. Patients who do not have an embryo transfer due to no fertilisation, will be refunded £350. If no embryo transfer takes place due to OHSS and your embryos are frozen, the centre will not charge for subsequent frozen embryo transfer

HIV, Hep B & C	£217.36	£217.36	£217.36	£217.36	£217.36	£217.36

Nurse consultation charge is not incurred in subsequent cycles

Additional Chromosomes and CF Screening may also be required for Egg Share Recipients who require ICSI treatment at the cost of £461.

These charges Do Not include drugs or Consultant fees

If the treatment cycle is abandoned, any refundable money will be calculated on an individual basis at the discretion of the Centre

Any patient who cancels their appointment within 24 hours of the appointment time will be charged an administration fee.

Treatment can fail at any stage irrespective of the quality of care and treatment provided. The Shrewsbury and Telford Hospitals NHS Trust will not offer refunds for treatment provided. Couples qualifying for single embryo transfer under the Centre's strategy for multiple birth minimisation, whose embryos are cultured to the blastocyst stage will be entitled to one further attempt, free of charge, if their embryos fail to develop into blastocysts. This is without prejudice to the couple's usual legal rights and does not constitute an admission of liability.

All Major Credit Cards Accepted

The Shrewsbury and Telford Hospital NHS Trust reserves the right to change prices without prior notification. Blood tests will be charged separately by the Pathology Laboratory and an additional £5 is charged per patient bled by the phlebotomy department. The Fertility Centre reserves the right to refuse treatment if payment is not received in advance.

Notes

*For DIVF, patients liable for cost of sperm

**Donor sperm cost depends on availability. The average cost is between £1,000 - £2,000 but for up to date costs, please contact the Donor Sperm Co-ordinator on 01743 261202 option 3.

***If more than 4 required in same cycle - £21.04 each

++Annual Storage for sperm will be charged as soon as sperm is frozen
