Sperm**				£1000-£2000		£1000-£2000
Oestradiol Blood Tests***	£49.58	£49.58	£49.58	£49.58		
Counselling	£50.00	£50.00	£50.00	£50.00	£50.00	£50.00

These charges Do Not include investigations, drugs or consultation fees. Please allow between £1000-2000 for drugs for a fresh cycle and £200-300 for a frozen cycle. Private patients need to refer to their private consultants price list for charges for their services. Self funded patients will also be billed self funded top up charges for NHS doctor's services.

Endometrial scratch - £145 (not including private consultant fee or self-funded surcharge)

Frozen Embryo Transfer - £1,236

Includes scans, nursing care, procedure, admin and HFEA charges but NOT Medical Consultant or self funded charges for the procedure.

If no embryos are suitable for transfer, the refund is £350.

PESA/TESE Charges

Scientists Consultation for PESA/TESE or Semen Cryopreservation	£200
MESA/PESA/TESE Procedure with Sedation	£920
Annual storage for Sperm (if found)++	£250
Total	£1,370

If Required

Cytogenetic Test CF + Chromosomes (Birmingham)	£422
Cytogenetic Test CF Only	£211
Cytogenetic Test Chromosomes only	£250

If the treatment cycle is abandoned prior to egg collection, the procedure charge (less £140 for the nurse consultation) and HFEA charge will be refunded. This is £2,942 for IVF and £4,142 for ICSI. Patients who do not have an embryo transfer due to no fertilisation, will be refunded £350. If no embryo transfer takes place due to OHSS and your embryos are frozen, the centre will not charge for subsequent frozen embryo transfer.

Counselling per session			£50	£50	£50	£50
Screening Package (Includes Blood Group, CMV, HTLV1&2, Syphilis, Chlamydia & Gonorrhoea Swabs,)			£956.76	£956.76	£956.76	£956.76
Chromosomes and CF Screening			£461	£461	£461	£461
HIV, Hep B & C	£217.36	£217.36	£217.36	£217.36	£217.36	£217.36

Additional Chromosomes and CF Screening may also be required for Egg Share Recipients who require ICSI treatment at the cost of £461.

These charges Do Not include drugs, private consultant fees or self funded top up fees. Please refer to the billing information with worked examples and private consultant costs if you are a private patient. Optional laboratory charges are payable for additional services such as freezing "spare" embryos.

Blood tests will be charged separately by the Pathology Laboratory and an additional £5 is charged per patient bled by the phlebotomy department.

If the treatment cycle is abandoned, any refundable money will be calculated on an individual basis at the discretion of the Centre

Any patient who cancels their appointment within 24 hours of the appointment time will be charged an administration fee.

Treatment can fail at any stage irrespective of the quality of care and treatment provided. The Shrewsbury and Telford Hospitals NHS Trust will not offer refunds for treatment provided. This is without prejudice to the couple's usual legal rights and does not constitute an admission of liability.

All Major Credit Cards Accepted

The Shrewsbury and Telford Hospital NHS Trust reserves the right to change prices without prior notification. The Fertility Centre reserves the right to refuse treatment if payment is not received in advance.

Notes

*For DIVF, patients liable for cost of sperm

**Donor sperm cost depends on availability. The average cost is between £1,000 - £2,000 but for up to date costs, please contact the Donor Sperm Co-ordinator on 01743 261202 option 3.

***E2 £28.54, 2nd and 3rd free. If more than 4 required in same cycle - £21.04 each

**** Nurse consultation charge is included in procedure charge from November 2022 and is payable on all IVF/ICSI cycles.

++Annual Storage for sperm will be charged as soon as sperm is frozen
